SYSTEM

S U S A N

I didn't think a robbery could happen here and certainly not to me. It's like it wasn't real.

B R E N D A

Each time I heard the other tellers' keys in the door, I thought "oh no." I didn't want to be alone but I didn't want anyone else to get hurt.

D E B B I E

As my daughter was driving me home, I kept thinking it was all a bad dream – then I saw the marks from the ties on my wrists.

B R E N D A

I wasn't thinking about me or my kids – they're grown. I was thinking about what would happen to Debbie's daughter.

F I N A L L Y

A technology solution that keeps employees more secure during branch opening and closing.

## S A F E T Y

### Protect Your Employees.

Give your staff peace of mind for the times they are most vulnerable with an easy-to-use, effective solution.

## C O M P L I A N C E

### Comply with Federal Regulations.

Our fully-documented system, which supports both Opening and Closing processes, makes required audits easy.

## S E C U R I T Y

### Protect Your Assets.

Secure technology-based communication helps to protect your most important asset, your people.

## A U D I T

### Systematic Process for Reporting.

Managers can easily track, capture and store the security data needed for reports and compliance audits.

The All Clear System is patent pending.

## KEVIN MULLINS

Chief Executive Officer

Kevin worked twenty-three years in the banking industry, most recently as Executive Vice President/Chief Operating Officer of Farmers and Miners Bank. He left banking in April of 2010 to assume the position of Chief Executive Officer of All Clear System.

## GARY MCCONNELL

President and Chief Operating Officer

As the founder of a national consulting company, Gary has worked with large and small companies to provide technology solutions to business problems. Gary's thirty-plus years of experience, including leadership with an international distribution company, provides All Clear System with a combination of business and technical skills.
